PURPOSE

The goal of the Jr. Knight basketball program is to introduce the boys to proper fundamentals and have them play hard, smart, and together having fun glorifying God. This is for boys in grades 3-8.

PRACTICES

Practices will begin in November or December and the boys will participate in tournaments and/or scrimmages, which can run from December through March. The goal is to have practice once a week. Gym availability, coaches schedules, and player availability will play a factor in practices each week and if they have more than one practice in a week. An email or letter will be sent by the Jr. Knight director and Jr. Knight coaches before the season to lay out expectations, introduce coaches, etc
