

Driver's Ed Information

As we kick off a new school year, we wanted to send out some important information to all students who might be looking to take driver's education this coming school year. We offer both face to face online classes with different driving options. All face to face classes include 30 hours of classroom time and the traditional 6 hours of behind the wheel drive time. All online classes will be self-paced and have various driving options. Please take this into consideration before signing up for a class. Choose the option that works best for your child!!
