The parent's meeting is an informational meeting that is very helpful. Students must be in attendance as this time also counts toward their class time. We will line up the initial drive once class gets started. After the initial drives, all other drives will be arranged with the driving instructor and student at the conclusion of their scheduled drive. Driving times will vary but may extend up to 30 days after the final classroom session. *(Students will drive with a partner and will schedule driving times that fit their schedules.)*

All classes include 30 hours of classroom instruction and 6 hours of actual behind the wheel training. **Students must have a valid learner's permit prior to class start date.** It is also important that you are practicing with your child! The more confident they are in their abilities to drive, the more success they will have in the program. There is a *no-refund policy* for this course. If you fail the classroom instruction and/or driving instruction you will need to retake the course.

Please mail the registration to the address below or register and pay online. Please make sure to register your child prior to February 12. A late registration fee (*additional \$25*) will be added if students aren't signed up before prior to February 12. If you have any questions, feel free to call or email. Email confirmation will be sent out verifying acceptance into the classroom, final session dates, and location. We look forward to the possibility of working with you and your child in providing a quality, flexible driver's education program that works with the busy schedules of your children!
