

## **Sledding Policy**

*Updated April 2018*

We are excited to open the sledding hill at SCCS! We want everyone to have a fun and safe experience, so please follow these expectations:

1. Boots are REQUIRED for all sledding and snow activities.
2. Sleds will be provided by the school. No sleds from home, please.
3. One rider per sled.
4. Riders must remain seated while riding sleds.

We have 1 sled bin that will be monitored by the teacher on duty. He or she will hand them out at the start of the recess.

Please line up on the sidewalk and wait for the next available sled.

When you have taken a turn, bring the sled back up the hill and give it to the next person in line.

Students who choose not to follow the sledding expectations will not be allowed to continue sledding.

Let's have a fun and safe winter season at SCCS! See you on the sledding hill!
